Speakers Urge Closer Relations With Latin America.

TAFT AND CLARK AGREE

Both Declare for Reciprocity With All the World.

LOOK INTO THE FUTURE

President Sees Time When We Must Go Elsewhere for Our Food Supplies.

President Taft and Champ Clark arcused the enthusiasm of the Pan-Amercan commercial conference delegates at the opening session yesterday afternoon by declaring in favor of reciprocity agree-Mr. Clark sounded the keynote of his

address when he said: "I am in favor of reciprocity not only with Canada, but with all the South and Central American republics. In fact, I am in favor of reciprocity with all the nations of the earth.

Agrees With Champ Clark.

A few minutes later the President asserted: "Mr. Clark is in favor of reci-

Steel Corporation, stirred the audience, composed of 900 delegates representing the largest commercial institutions and organizations in this country. Other speakers were Senor Calvo, minister from Costa Rica; Senor Calderon, minister from Bolivia, and Senor Joquin D. Casasus, special ambassador from

Together for Reciprocity.

very much to a definite agreement of reciprocity in the case of any one nation upon which we can agree. We will all vote for honesty and prayery and courage and all the other virtues with unanimity, and we will vote for wise measures as characterized in favor of commerce, but when it comes to determine what those wise measures are or wha measures are wise, then is the difficulty. But Mr. Clark and I, in anticipation of popular branch of the legislature, have formance. The selection of John Barat least got together on one very impor-

"It is undoubtedly true that the promotion of commercial relations necessarily change in the name from the Bureau of American Republics to the Pan-American brings about closer political and closer relations between nations and makes much less likely the hostility and the hard feelings that are likely to lead

Public Sentiment for Peace.

"The union of the Latin American retries that were disposed to resort to war the effect of public opinion-international that this union and The Hague peace public opinion of twenty-one countries tribune will finally put an end to war peace. And I have no doubt that as our the method through The Hague tribunal and by direct negotiation for the prevention of war becomes better understood, the union in this hemisphere of all these countries will be an example to the entire world of what can be done by interna-

ises agricultural products and exports the near future, unless our production of agriculture increases, will become a food consuming country, and will depend upon our manufacturers for our export When we reach that point l hope that the American ingenuity and the American desire to succeed in trade will fit our products so that they will attract those to whom we wish to sell more than the products of the other nations will attract those same people.

How to Get Trade.

"I have enough confidence in our business ingenuity and business enterprise and business industry to believe that live in the other countries with whom we foster commercial relations, because it is the purchaser that has the option to say what he wishes to buy; it is not for the manufacturer to say what he wishes to sell-that is, if the manufacturer desires to go into the selling business at all. We ought to have banks in South America, and we ought to have lines of steamships carrying our freight. Just how we are going to get those two things some of us differ. The last speaker-and the next Speaker-and I have gotten together on one plank of a platform. We are both rather heavy men, and I hope it

Joint Ownership of Treaty.

Speaker-to-be Clark said: "You came very near being deprived procity bill. That is a document that President Taft and myself sort of own in partnership. We, in the House, went into the Union to discuss it by a vote of 195 to 131, which I suppose is really about a

body else. I am in favor of reciprocity, not only with Canada, but with all the South and Central America republics. In creasing. It is a fallacy to believe that fact, I am in favor of reciprocity with all quality does not count, and that South the nations of the earth. When I am America wants cheap goods. making a stump speech, which I am not Mr. Farrell then defended American exdoing this afternoon, I define reciprocity port methods as equal to, and in many this way: You tickle me and I'll tickle cases superior to, the methods of Euroyou. You trade with me and I will trade pean manufacturing countries. He dewith you. And I don't believe honest clared with reference to the criticism that trade ever hurt anybody or any nation.

Americans do not extend their credit re-"If the population of the western hemi- lations in export trade that "wherever sphere and the total wealth of the west- there is a basis for credit American manern hemisphere increase in the next 119 ufacturers will be found as ready to grant years at the rate they have in the last it as Europeans. 110 years, in the year 2320 one-half of all the people on the earth's surface will live in the western hemisphere, and onehalf of all the wealth will be in the western hemisphere. So we are pioneers here today in the great effort to get to-
